

Welcome to the website of the Arc Jefferson - St. Lawrence. On January 1, 2019 the former Jefferson Rehabilitation Center and St. Lawrence NYSARC merged after over 15 months of due diligence work. We are now an organization with over 1300 employees serving over 2000 people with disabilities. We have worked hard at taking the best practices of both counties to provide services and supports that are person centered, provide choice and meet the needs of a diverse group of people.

We offer a variety of services and supports in many areas to include vocational services, residential services, adult day habilitative services, community habilitation, preschool, daycare and early intervention services (Jefferson County only) as well as self-directed services. Additionally we provide supports for community based employment and have Federal Contracts that we operate under Source America at Fort Drum and the border stations along the St. Lawrence River.

We are accredited by the Council of Quality Leadership, which is a national accreditation that promotes person centered practices when delivering supports to people with intellectual and developmental disabilities. Our values are person centered, responsiveness, involvement, dignity and excellence. Through these values we provide personal choice, responding to the needs and choices of those we support, involving them in the community and making decisions, providing supports recognizing the dignity of those we support and always striving to be the best that we can be.

We have dedicated staff who provide a quality environment for learning, personal growth and assisting the people we support in becoming all that they can be in Jefferson and St. Lawrence County. If you are looking for services or employment, please consider joining the Arc Jefferson - St. Lawrence.
