

# PATHWAY TO EMPLOYMENT WORKED FOR ME!

“This program helped me become a Stock Clerk with the UPS Store. I’ve been working for three years now and have been able to move into my own apartment since being able to earn a pay check. I’m currently saving money for a vacation.”

-Jenny

“Thanks to Pathway to Employment, I was able to obtain part time work at the Habitat Store. I have been working there for two years. I enjoy meeting new people daily by assisting with customers who come into the store.”

-Paul

## PATHWAY TO EMPLOYMENT

The program trains people with disabilities on pre-employment skills and guides them to identify a career/vocational direction.

Individuals focus on work readiness by learning a variety of skills including how to interview and write a resume.

Staff members support people through observation while participating in community employment to provide individualized guidance in real time.

The goal of this limited-time service is to assist people with integrated community career exploration and to identify a care goal in up to 287 hours or 365 days; whichever comes first.
